

IN TERMS OF QUALITY, NIGECO KEEPS ITS STANDARDS HIGH

Nigeco Contracting Ltd. is a family owned and operated general contracting firm. It has operated out of the Greater Toronto Area since 1989 and has since expanded its service area to the entire province of Ontario. It services both Residential and Commercial sectors of construction, with its projects ranging from additions and renovations to large-scale developments.

Restaurants, medical offices, retail spaces, automotive buildings, and custom homes are just a few types of projects where Nigeco thrives. Over the years it has seen its reputation grow as a reliable, experienced and honest contractor who works well with architects, engineers and designers to complete projects, on time and on budget.

Safety during the construction projects is always top of mind. While on site, every precaution is taken to ensure the projects are, and stay, a safe environment for the workers and sub trades at all times. Nigeco is fully insured and WSIB certified. Since safety largely depends upon education, vigilance and cooperation, all Nigeco employees must go through Fall Protection and WHIMIS training. Nigeco's professional management, diverse team members, exceptional customer service and commitment to highest working standards, make them a leader in today's construction industry.

Commercial construction projects are often met with tight timeframes, firm budgets and strict schedules. For the past 23 years, Nigeco Contracting has delivered quality, leadership, responsiveness and customer service with every commercial construction project. To deliver jobs on time and within budget, Nigeco relies on their wealth of knowledge, all while keeping the highest of workmanship and quality, with fair market prices. This assures a great, smooth finished product while enjoying a strong relationship with the client.

MR.LUBE – PETERBROUGH – 708 Landsdowne St. West - Nigeco transformed this rundown corner lot into a bright new building for Mr. Lube Canada. The old automotive building was refaced with Mr. Lube yellow and grey stucco, complete new finishes in the interior including extensive mechanical, electrical and hydraulic systems were installed. This project was completed both on time AND on budget.

GREENLEAFS – 100 King St. West – This 350Sq.Ft. space, located in the First Canadian Place Marketplace, was totally stripped down to the bare bones and rebuilt with new flooring, wall finishes, millwork and equipment. The sharp green wall tiles imported from Italy are hard to miss when your walking through the downtown P.A.T.H. system.

ST. JOSEPH THE WORKER CHURCH – Thornhill, On - In desperate need of a face lift, Nigeco took this 50 year old church and gave it an entire overhaul. Working between the mass' schedule, Nigeco stripped this beautiful old building down and re built it by adding stain glass windows, new drywalled ceilings, complete electrical and mechanical systems, refinishing of exposed timber beams and posts, and 18,000 Sq.Ft. of new porcelain flooring was installed.

SILVER SERVICES AUTO – 840 Caledonia Rd. – The owners of this mechanic shop didn't have enough room to keep up with demand. A 3500 Sq.Ft. addition was added to their existing location to provide 4 new truck bays. This 30ft high building was refaced with stone and architectural blocks, a new office and waiting area was added and 3 new vehicle lifts were installed. Two other business operate out of the same building and Nigeco worked together with everyone involved to ensure no business interruption within the 8 month construction schedule.
